

# Corporate Values

## Teamwork

We foster shared decision making so our company will proactively and successfully meet the challenges of the future.

We cross train and apply our strengths because we believe every person and function is important to our success.

## Passion

We hire passionate people because they provide better service to our customers. Our passion for healthcare staffing motivates us to provide flexible solutions.

## Intelligence

We believe that applied Intelligence leads to greater value for our clients and therapists. We support and provide access to continuous education which strengthens our industry. We foster listening and understanding because they are essential to gain intelligence.

## Quality

We deliver consistent quality performance to our Clients, Therapists, Office Employees, and Healthcare community resulting in loyal, long-term relationships.

We exceed industry standards and continuously strive to provide the best value.

We hire only the highest quality professionals to provide the highest level therapy staffing service.

## Respect

We build strong relationships through mutual respect of each other's opinions and knowledge.

We maintain the highest integrity and communicate openly and honestly, creating a positive professional environment.

We believe that in providing an open forum we will achieve excellence in communication, work processes and that this will promote unity within the company.

## Reliability

We believe in building trust by always following through on our commitments.

We believe that reliability is a necessity to deliver top-quality performance.
